

FUELING HOPE:

A GOLDEN HOUR GALA

Benefiting RISE for LCHAD

Why This Matters

LCHAD is a rare, life-threatening metabolic disorder affecting ~2,000 individuals in the U.S. Unfortunately, our daughter Jillian is one of them.

RISE for LCHAD was founded in honor of Jillian whose strength drives our mission to accelerate research and improve outcomes. Rare shouldn't mean overlooked.

Fueling Hope is more than a gala—it is an awareness platform, a caregiver tribute, and a call to action to invest in medical research and pharmaceutical development.

Rising for Research

RISE for LCHAD supports research led by Dr. Jerry Vockley, a world-renowned metabolic specialist, at UPMC Children's Hospital of Pittsburgh.

Your generous support would fund:

- Next-generation FAOD therapy improving current treatment limitations
 - Breakthrough mitochondrial research improving cellular energy
 - Gene therapy aimed at correcting the underlying genetic defect
-

Why Sponsor Fueling Hope

- Increase awareness of a life-threatening rare disease and elevate the voices of families and caregivers
- Opportunity to connect with community-driven professionals
- Accelerate research with real clinical impact

August 28, 2026 | The Stutz Building | Indianapolis
